

ABOUT US

Established in 1988, Ajman Free Zone was granted an autonomous status under the Emiri Decree No. 3 of 1996 as issued by H.H Sheikh Humaid Bin Rashid Al Nuami, Ruler of Ajman.

The formation of the Free Zone Authority has given great impetus to industrial activity in Ajman which resulted in quadruple growth in the number of companies during the last few years. Ajman Free Zone is providing unbeatable advantages and facilities.

A multi million dirhams development plan is currently under progress inside the Free Zone on an area that exceeds one million square meters. This area, once developed, will be spacious enough to accommodate 1500 companies. Ajman Free Zone, with a strategic location at the doorway of the Arabian Gulf, is positioned to serve both Eastern and Western markets.

Ajman provides easy accessibility to the two international airports and four ports. Ajman port is serving over 1000 vessels in a year, and has emerged as an important maritime focal point today. It has twelve berths. A massive development of Ajman port, under progress, seeks to enhance its facilities to world level.

TYPES OF LICENSES

Ajman Free Zone, in its endeavor to eliminate bureaucratic procedures, offers 4 types of licenses namely; trading, industrial, professional/services and national industrial license.

A. TRADING LICENSES :

This license is issued to foreign/UAE companies/free zone entities which wish to carry out trading activities in the free zone.

B. INDUSTRIAL LICENSES :

This license is issued to foreign/UAE companies/free zone entities which wish to carry out manufacturing activities in the free zone.

C. PROFESSIONAL / SERVICES LICENSES :

This license is issued to foreign/UAE companies/free zone entities which wish to carry out the business of providing professional/service activities in the free zone.

D. NATIONAL INDUSTRIAL LICENSES :

This license is issued to a registered company operating in the free zone which meets the following eligibility criteria:

1. The company should be registered within GCC and a GCC national(s) owning a majority share holding of 51% or above.
2. Atleast 40% of the manufacturing processes should be accomplished in the free zone. Companies holding a National Industrial License are eligible for duty free customs fees to member states of Arab Gulf Cooperation Council.

TYPES OF OWNERSHIP

A. FREE ZONE ESTABLISHMENT (FZE):

The licenses under this category shall be issued by virtue of Emiri Decree No. 3 of 1988, as amended by Emiri Decree No. 3 of 1996. By virtue of the said decree the establishment enjoys an entirely independent corporate entity. The minimum capital of the establishment is \$ 50,000 and the owner is liable within the extent of the capital only.

B. FREE ZONE COMPANY (FZC):

The licenses under this category shall be issued by virtue of Emiri Decree No. 3 of 1988, as amended by Emiri Decree No. 3 of 1996. By virtue of the said decree the company is incorporated by a number of natural or corporate persons. The minimum capital of the company is \$ 50,000 and the owners are liable within the extent of the paid up capital only.

C. BRANCH OF A LOCAL COMPANY:

Licenses under this category are issued to the free zone companies holding a valid license from any other UAE licensing authority.

D. BRANCH OF A FOREIGN COMPANY:

Licenses under this category are issued to companies established outside the UAE. The ownership of the company will be 100% foreign. However, sales can be made through a UAE registered agent or distributor only. The activity may be commercial, industrial or professional / services.
